RE: Change of Address, Affecting RM-10330

Dear Commissioners and Commission Staff,

My name is Don Schellhardt, Esquire. I am one of the two Petitioners whose Petition for Notice of Proposed Rulemaking led to FCC Docket No. RM-10330.

This Docket concerns proposed new requirements for shielding of certain electronics equipment against the possible hostile use of an Electromagnetic Pulse -- by terrorists, "rogue states" and/or other enemies of the United States.

Please note that I have recently moved from Denver, Colorado to Golden, Colorado, about 15 miles to the west. The new contact information for me is as follows:

Don Schellhardt, Esquire
1400 Utah Street
#124
Golden, Colorado 80401
pioneerpath@hotmail.com

My new phone service has not yet been activated, but I will apprise the Commission of the new phone number once I know it myself. In the meantime, messages can be left with Jeff, the Manager of my apartment building, at (303) 279-9430.

Sincerely,

Don Schellhardt, Esquire
